**From ‘Poor Farm’ to Skilled Nursing Facility—Champaign County Nursing Home Case Study,**

Sponsored by SAK Management Services, LLC

The Champaign County Nursing Home served local residents for more than 150 years, having begun as the “poor farm” and later evolving into a 243-bed skilled nursing facility. Once the crown jewel of area homes and the first choice of county residents requiring nursing and rehabilitation services, it devolved over a number of years into a trouble-plagued facility beset by management, financial, and operational problems. The team that helped Champaign County Nursing Home get from “Poor Farm” to skilled nursing facility was awarded with a TMA Turnaround & Transaction of the Year Award in 2020. Join us for an in-depth discussion with the key players involved in the engagement.
